Sifting the best from the rest - VBCS Plus

Since its launch the VBCS Plus online trade directory has provided a valuable service to our clients and the wider public. Its search function enables you to quickly and easily locate contractors in a range of services that have all the necessary licences and insurance. VBCS set up this directory to enable us to conduct thorough background checks on our service providers to ensure they comply with industry standards, as well as to foster stronger relationships with contractors so that our clients receive quick and efficient service.

VBCS Plus lists only the highest calibre, qualified tradespeople, assuring people have peace of mind when dealing with a new service provider. Contractors who have joined VBCS Plus have a solid history with VBCS and are ready and available to assist our valued clients.

If you have feedback on a VBCS Plus contractor we would love to hear about it! Maintaining a high standard of contractors on VBCS Plus is important to us and we value the feedback of our clients. Please contact Alizah Banky on alizah.banky@vbc.com.au following your next VBCS Plus experience!

Next time you are looking for a tradesperson in your area, visit www.vbcplus.com.au and tell them you found them on VBCS Plus!
